

# Make a bomb in the kitchen of your Mom

## The AQ Chef

Can I make an effective bomb that causes damage to the enemy from ingredients available in any kitchen in the world? The answer is yes. But before how, we ask why? It is because Allāh ﷻ says: **So fight in the cause of Allāh; you are not held responsible except for yourself. And inspire the believers [to join you] that perhaps Allāh will restrain the [military] might of those who disbelieve. And Allāh is greater in might and stronger in [exemplary] punishment** [an-Nisā': 84].

And it is also because every Muslim is required to defend his religion and nation. The Jews and Christians have dishonored the Muslims, desecrated our holy places, and cursed the beloved Prophet ﷺ. Today they are holding contests for the best blasphemy of Muḥammad ﷺ.

The Western governments today are waging a relentless war against Islam. They brought together a coalition and have the support of their population in invading and destroying Muslim land.

But there is a small band of sincere Muslims who are striking back at the enemy. The efforts of this small group of *mujāhidīn* have had a great effect in hindering the plans of the enemy. So now we have a balance of forces. As they kill Muslims, Muslims respond by killing among them. This is the effect of a small group of sincere *mujāhidīn*, so what would the effect be if the Muslim *ummah* wakes up?

There are many Muslims who have the zeal to defend the *ummah* but their vision is unclear. They believe that in order to defend the *ummah* they need to travel and join the *mujāhidīn* elsewhere and they must train in their camps. **But we tell the Muslims in America and Europe:** There is a better choice and easier one to give support to your *ummah*. That is individual work inside the West such as the operations of Niḍāl Ḥassan and Faisal Shahzād. With a few "failed" operations - as they claim - the director of national intelligence was forced to resign. With a few more "failed" operations we may have the resignation of the President of the United States.

My Muslim brother, who wants to support the religion of Allāh: do not make too many calculations and forecasting of the results and consequences. It is true that `Umar al-Fārūq and his brothers Niḍāl Ḥassan and Shahzād were imprisoned, but they have become heroes and icons that are examples to be followed. We ask Allāh ﷻ to grant them steadfastness. If they were sincere and steadfast, their imprisonment would be an increased status for them. The *ḥadīth* says: **"If Allāh loves a people, He would put them through trials."** The result of these trials would be the highest levels of Paradise, the pleasure of Allāh, heaven in the hearts in this world and eternal pleasure in the Afterlife. My Muslim brother: **we are conveying to you our military training right into your kitchen to relieve you of the difficulty of traveling to us.** If you are sincere in your intentions to serve the religion of Allāh ﷻ, then all what you have to do is enter your kitchen and make an explosive device that would damage the enemy if you put your trust in Allāh ﷻ and then use this explosive device properly. Here are the main qualities of this bomb:

- Its ingredients are readily available.
- Buying these ingredients does not raise suspicion.
- It is easily disposed of if the enemy searches your home. Sniffing dogs are not trained to recognize them as bomb making ingredients.
- In one or two days the bomb could be ready to kill at least ten people. In a month you may make a bigger and more lethal bomb that could kill tens of people.
